**Women & Theology: A New Perspective**

How we view God has been shaped by our society, our various cultures, and predominantly male perspectives. This retreat will dive into what has shaped our images of God and expand how we interpret scripture, connect to those different than us, and deepen our personal relationships with God.

**Dr. Lynn Hofstad** holds a PhD in Systematic and Philosophical Theology from the Graduate Theological Union in Berkeley, CA. She currently is a lecturer at Seattle University. Her scholarly interests focus on feminist theology, eco-theology, the doctrine of the atonement, and Lutheran theology.
